PoolBid is the marketplace, not the contractor. The construction contract is between the homeowner and the company they award. Lowest bid does not automatically win.

THE POOLBID NOW ADVANTAGE

NO COLD LEADS

Homeowners come to you with a written request. You never chase, never door-knock, never buy a list.

VERIFIED HOMEOWNERS

Scope, budget and location confirmed by a person before the project ever reaches you.

NO WASTED AD SPEND

\$0 per lead. No subscription, no listing fee, no charge to bid. 5% only when you win.

ONLY BID WHAT YOU WANT

See the county, the scope and the timeline first. Pass on anything. No penalty, ever.

HOW IT WORKS

1

HOMEOWNER SUBMITS RFP

They tell us what they need and upload project details.

2

WE VET THE PROJECT & YOU

We confirm the scope, budget and location. You're pre-approved to receive leads.

3

YOU RECEIVE THE LEAD

We send you the project details. You decide if it's a good fit.

4

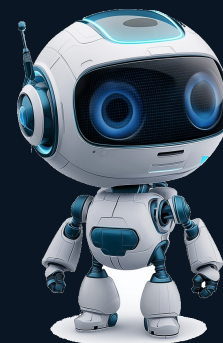

YOU BID. YOU WIN.

Compete fairly on a level playing field. Build more dream pools.

SERVING

PALM BEACH COUNTY FIRST

Then Broward and Miami-Dade. You set the counties and ZIPs you actually build in — you only ever see RFPs inside them.

"You build the pool. I'll bring the homeowners."
